A Mobile Woman's Experience
Should Benefit Others.

Fourteen years ago I was quite sick that is, most of the time I found it most impossible to be up and attend to my daily duties as a wife and mother. I thought I could not endure the suffering much longer, so naturally I consulted our family physician who told me at once that I had a severe case of kidney trouble. I consulted another physician who told me I had a severe case of kidney trouble and needed careful treatment and a long rest.

After doctoring with the physician for several months and receiving no benefit, I decided to try Dr. Kilmer's Swamp-Root, which had been recommended by my husband's partner. To be honest, I really did not have any faith in Swamp-Root but thought I would experiment on at least one bottle.

After taking one fifty-cent bottle I felt so much better that I bought a dollar bottle and continued its use for a few months, after which I felt so well and free from my former suffering that I pronounced myself cured.

I feel safe in saying that your Swamp-Root prevented my having Bright's Disease and therefore, saved my life.

To prove my gratitude I will allow you to publish this testimonial any time you wish. I also tell my friends what Swamp-Root did for me and know of several cases where it has been accomplished. I believe almost every one living in the South should use Swamp-Root at least once or two months in the Spring as it rids the system of all impurities.

Respectfully yours,
MRS. W. L. BEMIS.

Personally appeared before me this 30th day of March, A. D. 1912, Mrs. W. L. Bemis who subscribes the above and on oath says that same is true in substance and in fact.
